1. Definitions.
   “Physics Application” means a software application designed for use and fully compatible with the PhysX and APEX SDK and/or NVIDIA Graphics processor products, including but not limited to, a video game, visual simulation, movie, or other product. “APEX Software Development Kit” or “APEX SDK” means the set of instructions for computers, in executable form and in any media (which may include diskette, CD-ROM, downloadable internet, hardware, or firmware) comprising NVIDIA’s proprietary Software Development Kit and related media and printed materials, including Redistributable Code, Sample Code, reference guides and manuals, installation routines, API’s, libraries, any subsequent updates or adaptations provided by NVIDIA, whether with this installation or as separately downloaded. “Sample Code” means the sample interface or application source and object code files contained within the APEX SDK’s “Samples” directory or made available for download from the PhysX developer site and designated as sample code.

2. License. NVIDIA grants you (“you”) a limited, non-exclusive, non-transferable world-wide, royalty-free license to (a) internally install, use and display the APEX SDK,
solely for purposes of developing APEX asset content for Physics Applications; (b) internally use, copy, modify and compile the Sample Code to design, develop and test APEX assets; and (c) reproduce and distribute the Redistributable Code only in object code form and only as fully integrated into Physics Applications, provided you meet and comply with all requirements of this Agreement.

In addition, you may not and shall not permit others to:

  (i) modify, reproduce, de-compile, reverse engineer or translate the APEX SDK; or

  (ii) distribute or transfer the APEX SDK other than as part of the Physics Application.

Except as expressly granted herein, no other license under any patent, copyright, trade secret, trademark or other intellectual property right is granted to or conferred upon you by this Agreement. All other rights are expressly reserved by NVIDIA and its licensors.

3. Redistribution; Physics Applications. Any redistribution of the APEX SDK (in accordance with Section 2 above) or portions thereof must be subject to an end user license agreement including language that
   (a) prohibits the end user from modifying, reproducing, de-compiling, reverse engineering or translating the APEX SDK;
   (b) prohibits the end user from distributing or transferring the APEX SDK other than as part of the Physics Application;
   (c) disclaims any and all warranties on behalf of NVIDIA and its affiliated companies and licensors;
   (d) disclaims, to the maximum extent permitted by law, NVIDIA’s, its affiliated companies and its licensors’ liability for all damages, direct or indirect, incidental or consequential, that may arise from any use of the APEX SDK and/or Physics Application;
   (e) requires the end user to agree not to export the APEX SDK and/or Physics Application, directly or indirectly, in violation of any U.S. laws; and

YOU ARE REQUIRED TO NOTIFY NVIDIA PRIOR TO USE OF THE APEX SDK IN THE DEVELOPMENT OF ANY COMMERCIAL PHYSICS APPLICATION. PLEASE SEND NOTIFICATION BY EMAIL TO: PHYSXLICENSEING@NVIDI.COM AND PROVIDE THE FOLLOWING INFORMATION IN THE EMAIL:

- COMPANY NAME

With regard to any copies made, you agree to reproduce any copyright notices and other proprietary legends included on the original.
